

AI in Education Micro-Credential for District/School Cohorts

For school and district leaders looking to bring AI training to their entire learning community, ChatEDU and EdAdvance offer a self-hosted, flexible course that you can run on your own terms. This program builds a strong AI foundation for educators and constituents, covering key concepts, advanced prompting, AI-driven assessments, multimedia creation, and AI-ready classrooms.

Features

Customizable AI Course

Host your own AI in education course to train school and district staff with a structured, self-paced program.

Scalable Professional Learning

Build professional learning capacity in a flexible, accessible format for unlimited educators and leaders.

Interactive Learning Experience

Engage with 20 hands-on tasks featuring how-to videos, custom AI bots, embedded reflections, and more.

Facilitator Support & Training

Get train-the-trainer support to equip in-house facilitators with tools to guide AI learning effectively.
