

# THREE TYPES OF PROMPTS

## Generative Prompt

### Create a Lesson Plan

You are an expert lesson designer. Please design a lesson for (insert grade level and topic). Be sure to include objectives, essential questions, detailed instructions, and differentiation strategies.

---

## Analytical Prompt

### Analyzing Behavioral Trends

You are proficient in behavioral analysis. Based on the following behavior logs [insert anonymous data], what trends do you observe in student behavior over the past semester? Provide a detailed analysis and suggest possible underlying causes.

---

## Interactive Prompt

### Media Interview Prep

You are an expert media advisor for educational leaders. I am preparing for an interview with the local media about (insert topic). Act as the interviewer and ask me a series of questions about this topic. After each response, provide detailed feedback and suggestions for improvement. Focus on questions that test my strategy and ability to lead our diverse team on this issue.
